

**Canvit**<sup>+</sup>  
HEALTHY PETS

**THE CANVIT FOOD SUPPLEMENTS SERIES FOR HEALTHY ANIMALS PROMOTES HEALTH AND PREVENTS THE MOST COMMON HEALTH PROBLEMS OUR PETS SUFFER.**

TYPICAL ANIMAL DISEASES, ESPECIALLY “LIFESTYLE DISEASES”, ARE THE RESULT OF IMPROPER DIET, WEAKENED IMMUNITY IN CRITICAL SITUATIONS, VITAMIN AND NUTRIENT DEFICIENCIES. USING THE CANVIT PRODUCT SPECTRUM WE ARE ABLE TO EFFECTIVELY PREVENT THESE DISEASES AND PROMOTE HEALTH.

PREVENTION IN THE FORM OF CANVIT NUTRITIONAL PRODUCTS IS AN EFFECTIVE WAY TO YOUR PET ENJOYING A LONG AND SATISFYING LIFE.

# WHAT CAN WE SUPPORT?

WE FOCUS ON THE MOST COMMON HEALTH PROBLEMS IN DOGS AND CATS, WHICH CAN LEAD TO A VISIT TO THE VETERINARIAN:

## EVERYDAY CARE

Preparations for daily care are developed with regard to the various life stages, stress, eating habits, and the current needs of your pet (growth, aging, pregnancy, lactation, etc.). They contain unique combinations of vitamins and minerals to ensure the vitality, great condition, and especially the health of your dog or cat.

## MOBILITY

Hip dysplasia, arthritis, osteoporosis and other bone and joint diseases can make life for us and our pets uncomfortable and miserable. In addition, movement disorders have ceased to be the problem just in big dogs, but have increasingly also been seen in medium and small breeds, cats included. Effective combinations of substances to **support the regeneration** of articular cartilage and **improve joint mobility** can also reduce pain during movement and thus improve the lives of our four-legged friends.

## SKIN AND COAT

Skin and coat create a **perfect barrier** against the external environment. The quality of the skin subsequently determines the quality and shine of the coat. In the absence of necessary nutrients in food, the first to change is the appearance of the skin and coat. Effective prevention and regular administration of Canvit series food supplements effectively **nourishes the skin and coat**, and thus helps to endow them with **perfect quality** and appearance.

## IMMUNITY

The immune system is the **basic line of body defence**. By supporting and strengthening immunity we can effectively improve and enhance the lives of our pets. Do not forget to **use** them especially **in high-risk situations**, which are usually accompanied by a reduction in total defence, e.g. when **delivering, lactation, surgery, travel**, change in living space or rhythm, etc.

## DIGESTION

Indigestion, intolerance or vomiting are among the most frequent annoying health problems. Revealing their cause is often difficult and time consuming. Canvit series preparations allow the negative effects of digestive problems to be **mitigated** and **improve** not only the **digestive process**, but also overall functioning of the body and your pet's current condition. Remember that **healthy digestion** with efficient **utilization of nutrients** from food is a basic building block for the proper functioning of the whole body.

## HEART AND VEINS

In veterinary practices, heart diseases (valvular defects, arrhythmias or cardiac myopathy, etc.) are often diagnosed in dogs and cats. Preventative care of the cardiovascular system and its proper function should therefore be for us a “matter of the heart”. Canvit series preparations contain substances such as **omega-3 unsaturated fatty acids**, **lecithin**, **carnitine**, etc., which are substances with **proven beneficial effects on the cardiac function** and circulatory system. They help your pet live a long and active life.

## NERVES

Healthy functioning of the nervous system is essential to **vitality and viability**. Health problems associated with impaired nerves are very often caused by deficiencies of some essential substances in the body. Canvit preparations contain the necessary nutrients in the right proportions, thus ensuring balance and healthy functioning of the nerves and senses.

## KIDNEY AND EXCRETION

Infections of bacterial and viral origin and the formation of kidney and urinary stones trouble many pets, especially **later in life** or **after castration**. We can reduce or completely eliminate a number of problems and their causes by a combination of proper diet and nutritional supplements. These are especially designed to prevent and **reduce the risk of struvite and oxalate stones**.

## OVERWEIGHT

Obesity is the most common civilization disease, and affects not only people but also animals. Its danger lies in the fact that it is the **initiator of a number of diseases** such as diabetes, cardiovascular diseases, joint diseases, etc. If you decide to change the diet and focus on reducing your pet’s weight, use Canvit products. To achieve the desired effect, regular exercise goes without saying.

## STRESS

Stress is a **causative factor** in a number of serious diseases. By preventing and alleviating stressful situations we can significantly **improve the lives** of our pets. Remember that preparations for the suppression of stress only help to eliminate the consequences and mitigate its negative impacts on the body. It is important to **find** and wherever possible also to **remove the causes** of your pet’s **stress**.

## TEETH

For dogs and cats, teeth are indispensable lifelong tools for food processing. In addition, diseases of the teeth and oral cavity **trigger other** diseases. Canvit series preparations focus on the daily care of **dental hygiene**, removing plaque and preventing tartar formation.

## VETERINARY LINE

---

Vitamin supplements designed to deliver maximum effect against specific health problems. The formulas contain a blend of vitamins, minerals, and trace elements balanced for high efficacy and absorption of bioactive components in the body. Ideal for prevention in animals with increased risk of illness and to support treatment in the early stages of illness.

Every-day care

# JUNIOR

## HEALTHY GROWTH & DEVELOPMENT

**Suitable for:** puppies and junior dogs while growing

probiotics improve the intestinal health

vitamins & organic trace elements contributes to healthy development

**COMPOSITION:** Dried lactose, Glucose, Wheat starch, Dried brewer's yeast, *Saccharomyces cerevisiae* yeast cell walls (source of mannan-oligosaccharides) 8 %, Calcium dihydrogenphosphate, Dried skimmed milk, salmon oil, Sunflower oil, Sodium chloride

**ANALYTICAL CONSTITUENTS:** Protein 8.5 %, Fat content 4.2 %, Crude fibres 2.3 %, Crude ash 10.6 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 300 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol-acetate) 6 000 mg, Vitamin K 50 mg, Vitamin B1 300 mg, Vitamin B2 300 mg, Vitamin B6 (3a831) 200 mg, Vitamin B12 5 mg, Vitamin C (E300) 3 500 mg, Biotin 250 mg, Niacinamide (E3a315) 1 500 mg, Calcium pantothenate 1 000 mg, Folic acid (3a316) 25 mg, Iron (E1, ferrous fumarate) 750 mg, Copper (E4, cupric chelate of amino acids hydrate) 150 mg, Zinc (E6, zinc chelate of amino acids hydrate) 700 mg, Manganese (E5, manganese chelate of amino acids hydrate) 250 mg, Selenium (3b8.11, organic selenium from *Saccharomyces cerevisiae* NCYC R397) 1.8 mg.

**ZOOTECHNICAL:** *Enterococcus faecium* (NCIMB 10415) 8x10<sup>13</sup> CFU/kg. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl), 230 g (cca 230 tbl)

**RECOMMENDED DAILY FEEDING RATE:** 1 tablet per 5 kg body weight

A COMPLEX OF ESSENTIAL VITAMINS AND ORGANIC TRACE ELEMENTS REQUIRED FOR PROPER DEVELOPMENT. A COMBINATION OF NUTRIENTS, AMINO ACIDS, AND OMEGA-3, 6 FATTY ACIDS IMPROVES COAT QUALITY AND KEEPS YOUR PUPPY IN EXCELLENT CONDITION. MANNAN-OLIGOSACCHARIDES, AND PROBIOTICS MAINTAIN THE HEALTH OF INTESTINAL MICROFLORA AND STRENGTHEN THE IMMUNE SYSTEM.

Every-day care

# MULTI

## HEALTH & CONDITION SUPPORT

**Suitable for:** Adult Dogs, Lactation, Pregnancy

13 essential vitamins for overall health

Lecithin for brain improvement

**COMPOSITION:** Dried lactose, Glucose, Calcium carbonate, Wheat starch, Dried brewer's yeast, Dried skimmed milk

**ANALYTICAL CONSTITUENTS:** Protein 5.5 %, Fat content 4.8 %, Crude fibres 1 %, Crude ash 16.2 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 500 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol acetate) (3a700) 3 500 mg, Vitamin K 50 mg, Vitamin B1 300 mg, Vitamin B2 300 mg, Vitamin B6 (3a831) 200 mg, Vitamin B12 5 mg, Vitamin C (E300) 3 000 mg, Biotin 250 mg, Niacinamide (3a315) 1 500 mg, Calcium pantothenate 1 000 mg, Folic acid (3a316) 25 mg, Inositol 80 g,

**ZOOTECHNICAL:** : Lecithins (E322) 50 g. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl), 500 g (cca 500 tbl)

**RECOMMENDED DAILY FEEDING RATE:** 1 tablet per 5 kg body weight

CANVIT MULTI PROVIDES A DAILY HEALTH BENEFIT FOR YOUR DOG. IT CONTAINS A BALANCED COMBINATION OF 13 ESSENTIAL VITAMINS THAT HELPS THE OVERALL HEALTH, SUPPORTS THE IMMUNE SYSTEM, MEMORY AND CARDIOVASCULAR SYSTEM.

Every-day care

# SENIOR

## REDUCTION OF AGEING SYMPTOMS

**Suitable for:** ageing dogs,  
over 7 years of age

**vitamin C + collagen  
for healthy joints**

**organic trace elements  
& omega-3,6 to support  
the heart function**

**CANVIT SENIOR CONTAINS A COMPLEX OF VITAMINS, ORGANIC TRACE ELEMENTS, ESSENTIAL AMINO ACIDS, OMEGA-3,6 FATTY ACIDS. IT EFFICIENTLY REDUCES THE SYMPTOMS OF AGEING, SUPPORTS THE IMMUNE SYSTEM AND HELPS MAINTAIN EXCELLENT CONDITION OF AGEING DOGS.**

**COMPOSITION:** Dried lactose, Saccharomyces cerevisiae yeast cell walls (source of mannan-oligosaccharides), Dried brewer's yeast (source of amino acids), Collagen hydrolysate 2 %, Fish and Sunflower oil (source of omega 3,6 fatty acids)

**ANALYTICAL CONSTITUENTS:** Protein 10.5 %, Fat content 4.4 %, Crude fibres 2.3 %, Crude ash 5.3 %

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 200 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol acetate) (3a700) 5 000 mg, Vitamin B1 200 mg, Vitamin B2 200 mg, Vitamin B6 (3a831) 150 mg, Vitamin B12 2 mg, Vitamin C (E300) 8 000 mg, Biotin 250 mg, Niacinamide (3a315) 2 250 mg, Calcium pantothenate 1 000 mg, Folic acid (3a316) 40 mg, Iron (E1, ferrous fumarate) 3 000 mg, Zinc (E6, zinc chelate of amino acids hydrate) 1250 mg, Manganese (E5, manganese chelate of amino acids hydrate) 500 mg, Copper (E4, copper sulphate) 200 mg, Selenium (3b8.11, organic selenium from Saccharomyces cerevisiae NCYC R397) 2,5 mg, DL-Methionine 20 g, L-Lysine 20 g, Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl), 500 g (cca 500 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 5 kg body weight

Every-day care

# SPORT

## HEALTH & CONDITION SUPPORT FOR SPORTING AND ACTIVE DOGS

**Suitable for:** sporting dogs,  
rescue dogs, working dogs.

**amino acids ensure  
muscle convalescence**

**vitamins & omega - 3,6  
for fast regeneration**

**CANVIT SPORT COVERS INCREASED DEMANDS OF VITAMINS AND TRACE ELEMENTS DURING SPORT OR ACTIVE PERIODS. IT CONTAINS CASEIN AND OMEGA FATTY ACIDS THAT SUPPORT PROPER FUNCTION AND FAST RECOVERY OF MUSCLES, JOINTS, AND TENDONS.**

**COMPOSITION:** Dried lactose, Dried brewer's yeast (source of amino acids), Casein, Silica, salmon and Sunflower oil (source of omega 3,6 fatty acids).

**ANALYTICAL CONSTITUENTS:** Protein 32 %, Fat content 4 %, Crude fibres 0.7 %, Crude ash 3.4 %

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 200 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol acetate) 5 000 mg, Vitamin K 50 mg, Vitamin B1 150 mg, Vitamin B2 240 mg, Vitamin B6 (3a831) 200 mg, Vitamin B12 2 mg, Vitamin C (E300) 3 000 mg, Biotin 100 mg, Niacinamide (3a315) 850 mg, Calcium pantothenate 480 mg, Folic acid (3a316) 26 mg, Choline chloride 19 000 mg, Iron (E1, ferrous sulfate monohydrate) 2450 mg, Copper (E4, cupric sulfate pentahydrate) 175 mg, Zinc (E6, zinc oxide) 1250 mg, Manganese (E5, manganese oxide) 500 mg, Iodine (E2, Calcium iodate, anhydrous) 25 mg, Selenium (E8, sodium selenite) 2 mg. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl), 230 g (cca 230 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 10 kg body weight. A double dose of the product can be fed during intense work.

Every-day care

# NUTRIMIN

NUTRITIONAL SUPPLEMENT TO HOME-MADE FOOD

**Suitable for** a daily supplement for dogs fed with home-made food

**Ca-P –minerals for strength skeletons**

**vitamin & trace elements for better condition**

**COMPOSITION:** Cornmeal, Dicalcium phosphate, Dried brewer's yeast, Sodium chloride, Monosodium phosphate

**ANALYTICAL CONSTITUENTS:** Protein 4.4 %, Fat content 0.7 %, Crude fibres 2.2 %, Crude ash 56.5 %, Calcium 17 %, Phosphorus 9 %, Sodium 0,8 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 150 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol acetate) (3a700) 1 500 mg, Vitamin K 15 mg, Vitamin B1 50 mg, Vitamin B2 60 mg, Vitamin B6 (3a831) 50 mg, Vitamin B12 600 mg, Vitamin C (E300) 500 mg, Biotin 1,5 mg, Niacinamide (3a315) 400 mg, Calcium pantothenate 300 mg, Folic acid (3a316) 5 mg, Choline chloride (3a890) 15 000 mg, Iron (E1, ferrous sulphate monohydrate) 800 mg, Zinc (E6, zinc oxide) 800 mg, Copper (E4, copper sulphate) 160 mg, Manganese (E5, manganese oxide) 600 mg, Iodine (E2, potassium iodide) 8 mg, Selenium (E8, sodium selenite) 1.8 mg, L-carnitine 2 600 mg. Contains antioxidants.

**RECOMMENDED DAILY FEEDING RATE:**

Toy breeds up to 5 kg / 5 g

Small breeds 5 - 15 kg / 5 -15 g

Medium-sized and large breeds 15 - 35 kg / 20 - 30 g,

Giant breeds over 35 kg / 40 - 50 g

Enclosed in the pack is a measuring cup, aligned measuring cup contains approx. 4 g of the product

**PACKAGING:** 230 g, 1 000 g (powder form)

**THE RISK OF MAKING YOUR DOG FOOD AT HOME IS THE FAILURE TO SUSTAIN IN IT THE CORRECT BALANCE OF VITAMINS AND OTHER ESSENTIAL MICRO-NUTRIENTS. CANVIT NUTRIMIN CONTAINS ALL THE VITAMINS, MINERALS AND TRACE ELEMENTS INDISPENSABLE TO YOUR DOG'S HEALTH. BY ADDING IT TO YOUR DOG'S HOMEMADE FOOD REGULARLY, YOU ENSURE A SAFE SUPPLY OF NUTRIENTS TO YOUR PET AND PREVENT HYPOVITAMINOSIS.**

Hair & Skin

# BIOTIN

under  
25 kg

SHINY HAIR, SKIN & COAT RECOVERY

**Suitable for dogs under 25 kg:** long-hair dogs, white dogs, moulting dogs for perfect hair-look.

Vitamins for hair shine  
skin & coat recovery  
formula

**THE COMPLEX OF PROACTIVE BIOTIN, ZINC, B VITAMINS, AND METHIONINE PROMOTES HEALTHY SKIN DEVELOPMENT, COAT QUALITY AND SHINE. ADDITIONALLY IT POSITIVELY AFFECTS THE KERATIN OF THE CLAWS. USE DURING MOULTING IS RECOMMENDED TO SPEED UP COAT REPLACEMENT.**

**COMPOSITION:** Dried lactose, Glucose, Wheat starch, Dried brewer's yeast, Calcium carbonate, Dried skimmed milk

**ANALYTICAL CONSTITUENTS:** Protein 7 %, Fat content 1.6 %, Crude ash 16.3 %, Crude fibres 1.3 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin B2 400 mg, Biotin 1 500 mg, Niacinamide (3a315) 3 000 mg, Calcium pantothenate 1 500 mg, Zinc (E6, zinc chelate of amino acids hydrate) 4 000 mg, Copper (E4, cupric chelate of amino acids hydrate) 900 mg, DL-methionine (3.1.1) 20 g. Contains anti-oxidants.

**PACKAGING:** 100 g (cca 100 tbl), 230 g (cca 230 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 5 kg body weight

Hair & Skin

# BIOTIN MAXI

over  
25 kg

SHINY HAIR, SKIN & COAT RECOVERY

**Suitable for dogs over 25 kg:** long-hair dogs, white dogs, moulting dogs for perfect hair-look.

Vitamins for hair shine  
skin & coat recovery  
formula

**THE COMPLEX OF PROACTIVE BIOTIN, ZINC, B VITAMINS, AND METHIONINE PROMOTES HEALTHY SKIN DEVELOPMENT, COAT QUALITY AND SHINE. ADDITIONALLY IT POSITIVELY AFFECTS THE KERATIN OF THE CLAWS. USE DURING MOULTING IS RECOMMENDED TO SPEED UP COAT REPLACEMENT.**

**COMPOSITION:** Dried lactose, Glucose, Wheat starch, Dried brewer's yeast, Calcium carbonate, Dried skimmed milk

**ANALYTICAL CONSTITUENTS:** Protein 7 %, Fat content 1.6 %, Crude fibres 1.3 %, Crude ash 16.3 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin B2 400 mg, Biotin 1 500 mg, Niacinamide (3a315) 3 000 mg, Calcium pantothenate 1 500 mg, Zinc (E6, zinc chelate of amino acids hydrate) 4 000 mg, Copper (E4, cupric chelate of amino acids hydrate) 900 mg, DL-Methionine (3.1.1) 20 g. Contains anti-oxidants.

**PACKAGING:** 230 g (cca 76 tbl), 500 g (cca 166 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 15 kg body weight

# CHONDRO under 25 kg

JOINT REGENERATION MOBILITY IMPROVEMENT

**Suitable for dogs under 25 kg:** dogs with a risk or symptoms of mobility problems

**Glucosamine + chondroitin to nourish the cartilage**

**vitamin C + collagen for strong tendons & ligaments**

**CANVIT CHONDRO CONTAINS CHONDROPROTECTIVES & BIO-ACTIVE SUBSTANCES: CHONDROITIN SULPHATE, GLUCOSAMINE SULPHATE, COLLAGEN, VITAMIN C AND ORGANIC TRACE ELEMENTS. THEY STRENGTHEN THE CARTILAGE, TENDONS, AND LIGAMENTS, SUPPORT COLLAGEN FORMATION, AND IMPROVE MECHANICAL RESISTANCE.**

**COMPOSITION:** Dried lactose, Collagen hydrolysate 10 %, Dried brewer's yeast, Wheat starch, Glucosamine sulphate 7,0 %, Chondroitin sulphate 4,2 %, Dicalcium phosphate, Poultry meal, Magnesium chelate 0,17 %, Magnesium oxide

**ANALYTICAL CONSTITUENTS:** Protein 20.5 %, Fat content 2 %, Crude fibres 7 %, Crude ash 15 %, Magnesium 0.35 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin E (as  $\alpha$ -tocopherol acetate) (3a700) 3 500 mg, Vitamin C (E300) 7 000 mg, Biotin 100 mg, Niacinamide (3a315) 1 500 mg, Manganese (E5, manganese chelate of amino acids hydrate) 260 mg, Selenium (3b8.11, organic selenium from Saccharomyces cerevisiae NCYC R397) 2 mg. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl), 230 g (cca 230 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

Per 5 kg body weight

Young/growing dogs 1 tablet

Regeneration, working and older dogs 2-3 tablet

# CHONDRO MAXI **over 25 kg**

JOINT REGENERATION MOBILITY IMPROVEMENT

**Suitable for dogs over 25 kg** prevention of mobility problems, ageing dogs, growing dogs, active and overweight dogs

**Glucosamine + chondroitin for the growth of cartilage**

**vitamin C + collagen for strong tendons & ligaments**

**CANVIT CHONDRO MAXI IS A COMBINATION OF EXCELLENT CHONDROPROTECTIVES & BIO-ACTIVE SUBSTANCES: CHONDROITIN SULPHATE, GLUCOSAMINE SULPHATE, COLLAGEN, VITAMIN C AND ORGANIC TRACE ELEMENTS. THEY STRENGTHEN THE CARTILAGE, SUPPORT COLLAGEN FORMATION, AND IMPROVE THE MECHANICAL RESISTANCE. IDEAL SUPPLEMENT TO PREVENT THE MOVEMENT PROBLEMS.**

**COMPOSITION:** Dried lactose, Collagen hydrolysate 10 %, Dried brewer's yeast, Wheat starch, Glucosamine sulphate 7,0 %, Chondroitin sulphate 4,2 %, Dicalcium phosphate, Poultry meal, Magnesium chelate 0,17 %, Magnesium oxide

**ANALYTICAL CONSTITUENTS:** Protein 20.5 %, Fat content 2 %, Crude fibres 7 %, Crude ash 15 %, Magnesium 0.35 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin E (as  $\alpha$ -tocopherol acetate) (3a700) 3 500 mg, Vitamin C (E300) 7 000 mg, Biotin 100 mg, Niacinamide (3a315) 1 500 mg, Manganese (E5, manganese chelate of amino acids hydrate) 260 mg, Selenium (3b8.11, organic selenium from Saccharomyces cerevisiae NCYC R397) 2 mg. Contains antioxidants.

**PACKAGING:** 230 g (cca 76 tbl), 500 g (cca 166 tbl), 1000 g (cca 333 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

Per 10 kg body weight

Young/growing dogs 0,5 tablet

Regenerace chrupavek, psi v zátěži a starší psi / 1-1,5 tablety

# CHONDRO SUPER

over 25 kg

## COMPREHENSIVE CARE OF THE MUSCULOSKELETAL SYSTEM

**Suitable for dogs over 25 kg:** for joint regeneration, improved mobility and reduced pain in the event of advanced mobility problems or an increased risk thereof. Recommended for dogs diagnosed with hip dysplasia, arthritis, for large-breed dogs from the rapid-growth stage to adulthood, dogs putting excessive strain on their musculoskeletal systems, elderly dogs

**Hyaluronic acid in the connective tissue improves cartilage viscosity**

**MSM (organically bound sulphur) strengthens tendons and ligaments, aids regeneration**

**Glucosamine and chondroitin provide nutrition for articular cartilage**

**Vitamin C has anti-inflammatory and antioxidant effects and improves absorption of active substances**

**CANVIT SUPER CHONDRO CONTAINS A UNIQUE BLEND OF SUBSTANCES WITH PROVEN EFFECTS ON REGENERATION OF THE JOINTS AND MUSCULOSKELETAL SYSTEM. THESE SUBSTANCES STRENGTHEN THE CARTILAGE, INCREASE THE MECHANICAL RESISTANCE OF THE JOINTS, STRENGTHEN THE LIGAMENTS AND TENDONS, AND GENERALLY BOOST MOBILITY.**

**COMPLEMENTARY FOOD FOR DOGS CONTAINING GLUCOSAMINE SULPHATE, CHONDROITIN SULPHATE, MSM (METHYLSULPHONYLMETHANE), HYALURONIC ACID, ASCORBIC ACID**

**COMPOSITION:** Glucosamine sulphate 16.7%, Chondroitin sulphate 6.8%, MSM (methylsulphonylmethane) 5%, hyaluronic acid 0.5%, ascorbic acid 0.5%, lactose, cellulose, calcium stearate, modified starch

**ANALYTICAL CONSTITUENTS:** Moisture 9.04 %, Crude protein 7.01 %, Crude fibre 5.50 % Crude fat 2.07 %, Crude ash 6.95 %

**PACKAGING:** 230 g (cca 80 tbl), 500 g (cca 170 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 20 kg body weight

Mobility

# BIOCAL PLUS

MINERAL SUPPLEMENT (CALCIUM, PHOSPHORUS, NATRIUM, COLLAGEN)

**Suitable for:** dogs with proven deficit of minerals (growing dogs, ageing dogs, teething dogs), formation of new bone tissue

**Ca in organic form**  
**collagen for helthy joints and tendons**

**COMPOSITION:** Dried lactose, Calcium carbonate, Dried brewer's yeast, Collagen hydrolysate 10 %, Dicalcium phosphate, Cellulose, Wheat starch, Calcium citrate 5 %, Monosodium phosphate

**ANALYTICAL CONSTITUENTS:** Protein 14.9 %, Fat content 2 %, Crude fibres 7.1 %, Crude ash 28.9 %, Calcium 8,7 %, Phosphorus 3 %, Sodium 1,4 %. Contains antioxidants.

**RECOMMENDED DAILY FEEDING RATE:**

per 5 kg body weight  
Normal dose 1 – 2 tablets.  
Proven mineral shortage 4 – 6 tablets

**WARNING:** The use of this product should be discussed with a veterinarian.

**PACKAGING:** 230 g (cca 230 tbl), 500 g (cca 500 tbl), 1 000 g (cca 1000 tbl)

CANVIT BIOCAL PLUS CONTAINS CALCIUM, SODIUM, PHOSPHORUS AND COLLAGEN. THESE SUBSTANCES ARE ESSENTIAL FOR HEALTHY DEVELOPMENT OF BONES, TENDONS AND JOINTS IN GROWING DOGS, RELIEVE AGEING DOGS WITH MOBILITY PROBLEMS. CALCIUM IS ALSO NECESSARY FOR PROPER MUSCLE FUNCTION, AND POSITIVELY AFFECTS QUALITY OF THE TEETH.

Immunity

# IMMUNO

STRENGTHENING OF THE IMMUNE SYSTEM

**Suitable for** extreme life situations such as physiological stress period

**Saccharomyces cerevisiae β-glucans**  
**vitamins A, B + zinc, selenium for immunity support**

**COMPOSITION:** Dried lactose, Calcium carbonate, Wheat starch, Dried brewer's yeast, Saccharomyces cerevisiae yeast cell walls (source of β-1,3/1,6, β-glucans) 2.5 %, Poultry meal, Fish oil, Mannan-oligosaccharides 0.015 %

**ANALYTICAL CONSTITUENTS:** Protein 7.7 %, Fat content 1 %, Crude fibres 5.1 %, Crude ash 18 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 200 000 IU, Vitamin E (as α-tocopherol acetate) (3a700) 3 000 mg, Vitamin B1 160 mg, Vitamin B2 240 mg, Vitamin B6 (3a831) 200 mg, Vitamin B12 2 mg, Biotin 100 mg, Nicotinamide (3a315) 850 mg, Calcium pantothenate 480 mg, Folic acid (3a316) 30 mg, Choline chloride (3a890) 19 000 mg, Iron (E1,ferous sulfate) 400 mg, Zinc (E6, zinc oxide) 2 500 mg, Zinc (E6, zinc chelate of amino acids hydrate) 1 250 mg, Selenium (3b8.11, organic selenium from Saccharomyces cerevisiae NCYC R397) 0,46 mg. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 5 kg body weight

**UNIQUE COMPLEX OF SACCHAROMYCES CERVISIAE, THE MAIN SOURCE OF B-GLUCANS, BOOSTS THE IMMUNE SYSTEM AND ENHANCES THE ORGANISM PROTECTION. VITAMINS AND ORGANIC TRACE ELEMENTS SUPPORT THE BODY'S MUCOSAL IMMUNITY THAT CREATES A NATURAL BARRIER AGAINST ADVERSE ENVIRONMENTAL INFLUENCES.**

Every-day care

# MULTI

## HEALTH & CONDITION SUPPORT

**Suitable for:** adult cats,  
lactation, pregnancy

**13 essential vitamins for  
healthy life**  
**taurine for healthy eyes**

**CANVIT MULTI PROVIDES A DAILY HEALTH BENEFIT FOR YOUR CAT. IT CONTAINS A BALANCED COMBINATION OF 13 ESSENTIAL VITAMINS THAT HELPS THE OVERALL HEALTH, SUPPORTS THE IMMUNE SYSTEM, MEMORY AND CARDIOVASCULAR SYSTEM.**

**COMPOSITION:** Calcium carbonate, Glucose, Wheat starch, Dried skimmed milk, Dried lactose, Dried whey, Dried brewer's yeast

**ANALYTICAL CONSTITUENTS:** Protein 4 %, Fat content 2.6 %, Crude fibres 0.5 %, Crude ash 33 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 1 000 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol acetate) (3a700) 6 000 mg, Vitamin K 100 mg, Vitamin B1 300 mg, Vitamin B2 300 mg, Vitamin B6 (3a831) 200 mg, Vitamin B12 5 mg, Vitamin C (E300) 3 000 mg, Biotin 250 mg, Niacinamide (3a315) 1 000 mg, Calcium pantothenate 1 000 mg, Folic acid (3a316) 25 mg, Taurine 10 000 mg. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl)

**RECOMMENDED DAILY FEEDING RATE:**  
1 tablet per 2 kg body weight

Every-day care

# NUTRIMIN

NUTRITIONAL SUPPLEMENT TO HOME-MADE FOOD

**Suitable as** a daily supplement for cats fed with home-made food.

taurine for healthy eyesight

essential vitamins and trace elements to fulfil the nutritional needs

**THE RISK OF MAKING YOUR CAT FOOD AT HOME IS THE FAILURE TO SUSTAIN IN IT THE CORRECT BALANCE OF VITAMINS AND OTHER ESSENTIAL MICRO-NUTRIENTS. **COMPOSITION:** corn flour, calcium hydrogen phosphate, calcium dihydrogen phosphate, dextrose, sodium chloride, brewer's yeast

**ANALYTICAL CONSTITUENTS:** Protein 6.3 %, Fat content 1.1 %, Crude fibres 1.1 %, Crude ash 40.6 %, Calcium 11.7 %, Phosphorus 9 %, Sodium 0.5 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin A (E672) 300 000 IU, Vitamin D3 (E671) 10 000 IU, Vitamin E (α-tocopherol acetate) (3a700) 2 000 mg, Vitamin K 15 mg, Vitamin B1 100 mg, Vitamin B2 80 mg, Vitamin B6 (3a831) 50 mg, Vitamin B12 0.6 mg, Vitamin C (E300) 500 mg, Biotin 2 mg, Niacinamide (3a315) 600 mg, Calcium pantothenate 300 mg, Folic acid (3a316) 5 mg, Choline chloride (3a890) 20 g, Taurine 20 g, Iron (E1, ferrous sulphate monohydrate) 800 mg, Zinc (E6, zinc oxide) 800 mg, Copper (E4, copper sulphate) 160 mg, Manganese (E5, manganese oxide) 600 mg, Iodine (E2, potassium iodide) 8 mg, Selenium (E8, sodium selenite) 1.8 mg. Contains antioxidants.

**PACKAGING:** 150 g (powder form)

**RECOMMENDED DAILY FEEDING RATE:**

Cat weight	2	4	6	8
q of food	3,3	6,7	10	13,3
No. of cup	0,8	1,7	2,5	3,3

Enclosed in the pack is a measuring cup, aligned measuring cup contains approx. 4 g of the product

Hair & Skin

# BIOTIN

SILKY HAIR, SKIN & COAT RECOVERY

**Suitable for:** long-hair cats, white cats, moulting cats for perfect hair look.

Vitamins for hair shine

skin & coat recovery formula

**THE COMPLEX OF PROACTIVE BIOTIN, ZINC, B VITAMINS, AND METHIONINE PROMOTES HEALTHY SKIN DEVELOPMENT, COAT QUALITY AND SHINE. ADDITIONALLY IT POSITIVELY AFFECTS THE KERATIN OF THE CLAWS. USE DURING MOULTING IS RECOMMENDED TO SPEED UP COAT REPLACEMENT.**

**COMPOSITION:** Calcium carbonate, Dried lactose, Glucose, Wheat starch

**ANALYTICAL CONSTITUENTS:** Protein 7 %, Fat content 0.4 %, Crude fibres 0.4 %, Crude ash 18 %.

**ADDITIVES PER 1 KG: NUTRITIONAL:** Vitamin B2 240 mg, Biotin 1 000 mg, Niacinamide (3a315) 3 000 mg, Calcium pantothenate 1 000 mg, Zinc (E6, zinc chelate of amino acids hydrate) 2 300 mg, DL-methionine (3.1.1) 6 g. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

1 tablet per 3 kg body weight

Mobility

# CHONDRO

JOINT REGENERATION MOBILITY IMPROVEMENT

**Suitable for:** cats with a risk or symptoms of mobility problems

**Glucosamine + chondroitin** the growth of cartilage

**MSM for healthy joints**

**CANVIT CHONDRO CONTAINS CHONDROPROTECTIVES & BIO-ACTIVE SUBSTANCES: CHONDROITIN SULPHATE, GLUCOSAMINE SULPHATE, COLLAGEN, MSM, VITAMIN C AND ORGANIC MANGANESE. THEY STRENGTHEN THE CARTILAGE, TENDONS, AND LIGAMENTS, SUPPORT COLLAGEN FORMATION, AND IMPROVE MECHANICAL RESISTANCE.**

**COMPOSITION:** Dried lactose, Glucosamine sulphate 18 %, Methylsulfonylmethan (MSM) 16%, Chondroitin sulphate 13%, Collagen hydrolysate 5 %, Wheat starch, Poultry meal

**ANALYTICAL CONSTITUENTS:** Protein 13.5 %, Fat content 0.5 %, Crude fibres 0.9 %, Crude ash 0.8 %

**ADDITIVES PER 1 KG:** **NUTRITIONAL:** Vitamin C (E300) 6 400 mg, Manganese (E5, manganese chelate of amino acids hydrate) 300 mg, Manganese (E5, manganese oxide) 2 400 mg. Contains antioxidants.

**PACKAGING:** 100 g (cca 100 tbl)

**RECOMMENDED DAILY FEEDING RATE:**

Per 3 kg body weight:

Normal dose 1 tablet

Intensive regeneration 2 tablet

## HEALTH CARE SNACKS

---

Functional treats for everyday care. Tender, tasty snacks enriched with a complex of active substances, herbs, and extracts for effective prevention of the most common health problems. Your dog will come running every day for its desired reward, and you'll be confident you're doing everything possible for optimum health. This healthy and tasty treat is your everyday helper.

# Mobility

200g

**SEMI-MOIST FUNCTIONAL SNACK FOR ADULT OR SENIOR DOGS WITH MOBILITY PROBLEMS. COMPLEMENTARY DOG FOOD.**

**COMPOSITION:** potatoes, chicken (15%), liquid starch, herring oil (5%), hydrolyzed chicken liver, collagen, glucosamine sulphate (1,5%), egg shell membrane (1%), chondroitin sulphate (0,8%), methylsulfonylmethane (0,6%), dried cat's claw (*Uncaria tomentosa*, 0,1%).

**ANALYTICAL CONSTITUENTS:** crude protein 16,0 %, fat content 7,5 %, moisture 17,0 %, crude ash 4,0 %, crude fibre 1,5 %.

**NUTRITIONAL ADDITIVES PER 1 KG:** vitamin C (E301) 600 mg.

FEEDING TABLE	Weight of dog (kg)	1	5	10	20	30	40<
	PCS per day	2	5	10	15	20	25<

Combination of chondroprotectives and active substances to provide easy movement

GLUCOSAMINE, CHONDROITIN, MSM, VITAMIN C, CAT'S CLAW, EGG MEMBRANE

# Skin & Coat

200g

**SEMI-MOIST FUNCTIONAL SNACK FOR DOGS WITH DEMANDING COAT CARE (LONG-HAIRED DOGS, HAIR LOSS, HAIR RECOVERY). COMPLEMENTARY DOG FOOD.**

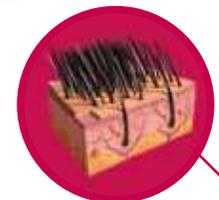

**COMPOSITION:** potatoes, salmon (15%), liquid starch, herring oil (6%), hydrolyzed chicken liver, collagen, dried marigold (0,5%).

**ANALYTICAL CONSTITUENTS:** crude protein 16,0 %, fat content 7,5 %, moisture 17,0 %, crude ash 3,5 %, crude fibre 1,5 %.

**NUTRITIONAL ADDITIVES PER 1 KG:** zinc (E6) 110 mg, niacinamide (3a315) 30 mg, calcium pantothenate 5 mg, biotin 1,4 mg.

FEEDING TABLE	Weight of dog (kg)	1	5	10	20	30	40<
	PCS per day	2	5	10	15	20	25<

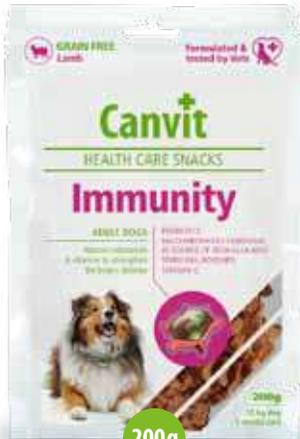

Essential substances & vitamins to support the skin regeneration & coat quality

HERRING OIL (EXTRA OMEGA-3), MARIGOLD, ORGANIC ZINC, NIACINAMIDE, CALCIUM PANTOTHENATE, BIOTIN

# Immunity

200g

Natural substances  
& vitamins to strengthen  
the body's defense

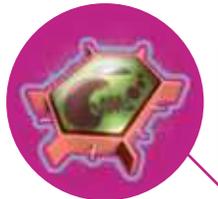

**SEMI-MOIST FUNCTIONAL SNACK FOR DOGS WITH INCREASED DEMANDS ON IMMUNITY (TRAINING, SPORT, GROWTH, BIRTH&LACTATION, ETC.). COMPLEMENTARY DOG FOOD.**

**COMPOSITION:** potatoes, lamb (15%), liquid starch, herring oil (5%), hydrolyzed chicken liver, collagen, brewer's yeast (a source of mannan-oligosaccharides), dried Spirulina (2%), dried rosehips (1%).

**ANALYTICAL CONSTITUENTS:** crude protein 17,0 %, fat content 7,5 %, moisture 17,0 %, crude ash 3,5 %, crude fibre 1,5 %.

**NUTRITIONAL ADDITIVES PER 1 KG:** vitamin C (E301) 600 mg.

FEEDING TABLE	Weight of dog (kg)	1	5	10	20	30	40<
	PCS per day	2	5	10	15	20	25<

PREBIOTICS, SACCHAROMYCES CEREVISIAE (A SOURCE OF BETA-GLUCANS), SPIRULINA, ROSEHIPS, VITAMIN C

# Dental

200g

Active substances & anti-inflammatory herbs to ensure the proper condition of oral cavity

**SEMI-MOIST FUNCTIONAL SNACK FOR ADULT & SENIOR DOGS TO PROVIDE EVERY-DAY DENTAL CARE. COMPLEMENTARY DOG FOOD.**

**COMPOSITION:** potatoes, chicken (15%), liquid starch, herring oil (5%), hydrolyzed chicken liver, collagen, chlorella (0,5%), sodium hexametaphosphate (0,2%), cloves (0,1%).

**ANALYTICAL CONSTITUENTS:** crude protein 16,0 %, fat content 7,5 %, moisture 17,0 %, crude ash 3,5 %, crude fibre 1,5 %.

**NUTRITIONAL ADDITIVES PER 1 KG:** vitamin C (E301) 600 mg.

FEEDING TABLE	Weight of dog (kg)	1	5	10	20	30	40<
	PCS per day	2	5	10	15	20	25<

CHLORELLA, SHMP, CLOVES, VITAMIN C, UNIQUE SHAPE FOR EFFICIENT BRUSHING

# Antiparasitic

200g

Herbal substances control the intestinal parasites & provide great condition of gut microflora

**SEMI-MOIST FUNCTIONAL SNACK FOR THE CONTROL OF INTESTINAL MICROFLORA. COMPLEMENTARY DOG FOOD.**

**COMPOSITION:** potatoes, lamb (15%), liquid starch, herring oil (5%), hydrolyzed chicken liver, collagen, brewer's yeast (a source of mannan-oligosaccharides), wild garlic (1%), chamomile (0,5%), mint (0,5%).

**ANALYTICAL CONSTITUENTS:** crude protein 16,0 %, fat content 7,5 %, moisture 17,0 %, crude ash 3,5 %, crude fibre 2,0 %.

FEEDING TABLE	Weight of dog (kg)	1	5	10	20	30	40<
	PCS per day	2	5	10	15	20	25<

WILD GARLIC, CHAMOMILE, MINT, PREBIOTICS

# Canvit<sup>+</sup>

---

## NATURAL LINE

---

Fruits, vegetables, minerals, oils, and herbs are healthy supplements to everyday nutrition. Canvit Natural is a genuine pharmacy of products with proven health benefits. The ingredients are carefully selected and processed to ensure that the active ingredients are preserved in natural form and 100% concentration without the addition of carriers and other unnecessary substances. The products in the Natural line have even been approved for human consumption.

# Aloe Vera

80g

Aloe vera is a perennial succulent containing high levels of B vitamins, including B12, as well as vitamins C, E, and A, all of which pack powerful antioxidants, amino acids, polysaccharides, minerals, fatty acids, and other nutrients.

The polysaccharides in aloe vera have immunostimulative properties. The plant's composition contains antiallergic (glycoprotein, alprogen), anti-inflammatory, antibacterial, and antiviral compounds. Aloe vera gel extract promotes faster healing of wounds and ulcers, reduces gingivitis, and slows plaque and tartar buildup. The detoxifying effects of aloe vera are especially beneficial to the liver, kidneys, and intestines.

## FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Aloe vera 100:1.

**ANALYTICAL CONSTITUENTS:** Crude fibres 1.76%, Fat 0.32%, Crude protein 0.35%, Ash 9.42%.

**FEEDING INSTRUCTIONS:** the product can be mixed in food in powder form, or can be dissolved in water at a proportion of one part gel extract to 99 parts water (e.g.: 1g extract in 100 mL water), producing 100 mL of solution with composition identical to fresh aloe gel.

**DOSAGE:**  
1-2 mL solution/kg body weight/day (e.g. 30-60 mL/30 kg dog/day) or approx. 0.5 g powder form per 30 kg/day.  
Level measuring cup = approx. 2.5 g.

# Kelp

(Ascophyllum nodosum)

180g

Brown marine alga (*Ascophyllum nodosum*) is a natural source of important minerals, such as iodine, calcium, phosphorus, magnesium, and potassium, as well as iron, vitamins B and C, and essential amino acids. Animals require these substances, yet many of them do not commonly occur in foods found on land, or are not easily absorbed into the blood stream. Kelp has unique antioxidant properties and supports thyroid function, hair pigmentation, healthy teeth and gums.

In its natural, unrefined yet highly digestible form, kelp is a suitable dietary supplement for all dogs. We especially recommend using it to improve the condition, appearance, and quality of hair. It also reduces the formation of dental plaque and tartar and helps control bad breath.

## FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Kelp extract (*Ascophyllum Nodosum*) 100%.

**ANALYTICAL CONSTITUENTS:** Crude fibres 7.14%, Fat 3.76%, Crude protein 6.93%, Ash 20.23%, Iodine 460 mg/kg.

**FEEDING INSTRUCTIONS:** Kelp should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect. Warning: undesirable coloring may ensue when used in show dogs with white coats.

**DOSAGE:**  
**SMALL DOGS (1-10 KG)**  
0.5 g/day | 1/4   
**MEDIUM DOGS (11-25 KG)**  
1 g/day | 1/3   
**LARGE DOGS (26-45 KG)**  
2 g/day | 2/3   
**VERY LARGE DOGS (OVER 45 KG):**  
2.5 g/day | 1   
**CATS**  
0.5 g/day | 1/4   
Level measuring cup approx. 2.5 g

# Garlic

(Allium sativum)

Garlic is highly nutritious. In addition to improving food intake and digestion, it has antiparasitic and bactericidal properties. It also has a positive effect on the cardiovascular system and circulation.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Natural dried garlic 75%, Rice flour 25%.

**ANALYTICAL CONSTITUENTS:** Crude fibres 3.48%, Fat 0.79%, Crude protein 14.34%, Ash 3.34%.

**FEEDING INSTRUCTIONS:** Garlic should be administered mixed in food in accordance with the recommended dosage for long-term administration. You may double the dose in case of short-term usage over 2-10 days. Do not exceed the recommended dosage because of the risk of animal anemia.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**  
0.5 g/day | 1/4

**MEDIUM DOGS (11-25 KG)**  
1 g/day | 1/2

**LARGE DOGS (26-45 KG)**  
1.5 g/day | 3/4

**VERY LARGE DOGS (OVER 45 KG)**  
2.5 g/day | 1

**CATS**  
0.5 g/day | 1/4

Level measuring cup approx. 2.5 g.

# Brewer's Yeast

Thanks to its composition, brewer's yeast is beneficial to dogs in all conditions and situations. It is an excellent source of amino acids, vitamin B, minerals, trace elements, and other active substances. It has a positive effect on digestion, the composition of intestinal micro flora, and the quality of skin and hair, and it also acts as a natural antiparasitic.

Brewer's yeast is suitable for puppies and adult dogs, pregnant and nursing females, dogs in convalescence, and those with increased energy output. It is also an ideal supplement for periods of shedding.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Dried brewer's yeast 100% (Saccharomyces cerevisiae).

**ANALYTICAL CONSTITUENTS:** Crude fibres 1.84%, Fat 1.78%, Crude protein 43.71%, Ash 6.14%.

**FEEDING INSTRUCTIONS:** the product is mixed into food according to the recommended dosage. Long-term use is recommended for optimum effect.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**  
1.5 g/day | 1/2

**MEDIUM DOGS (11-25 KG)**  
3 g/day | 1

**LARGE DOGS (26-45 KG)**  
6 g/day | 2

**VERY LARGE DOGS (OVER 45 KG)**  
9 g/day | 3

**CATS**  
1.5 g/day | 1/2

Level measuring cup = approx. 3 g.

# Green-lipped Mussel

(Perna canaliculus)

New Zealand green-lipped mussels contain glycosaminoglycans – naturally occurring substances in articular cartilage and synovial fluid that reduce inflammation in the musculoskeletal system. New Zealand green-lipped mussels support the formation and regeneration of cartilage and joint lubricant, keep the joints flexible and relaxed, and ease pain caused by joint diseases. For cats, green-lipped mussels represent an important source of essential taurine.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Green-lipped mussels extract (*Perna canaliculus*) 100%.

**ANALYTICAL CONSTITUENTS:** Crude protein 51.72%, Crude fat 1.89%, Crude fibres 1.15%, Ash 13.60%.

**FEEDING INSTRUCTIONS:** New Zealand mussels are administered mixed into food according to the recommended dosage. Long-term use is recommended for optimum effect. The dose can be doubled in the event of difficulties. Recommended for growing dogs, sporting dogs, dogs recovering from injuries and dogs with difficulties with their musculoskeletal system.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**

0.5 - 1g/day | 1/3 

**MEDIUM DOGS (11-25 KG)**

1 - 1.5g/day | 1/2 

**LARGE DOGS (26-45 KG)**

2.5 g/day | 1 

**VERY LARGE DOGS**

**(OVER 45 KG):**  
2.5 - 5 g/day | 1-2 

**CATS:**

0.5 g/day | 1/4 

Level measuring cup approx. 2.5 g.

# Spirulina

(Spirulina Platensis)

150g

Spirulina is a natural source of complex proteins (60-70%) rich in essential amino acids. It also contains vitamins B, D, E, and K, minerals, and iron. Because it is an excellent source of concentrated and easily digestible nutrients, spirulina is one of the so-called super foods.

Spirulina has a positive effect on vitality and overall bodily function and defense mechanisms. It can be used daily to boost the immune system and maintain optimal physical condition. We especially recommend it for dogs under stress or with increased energy output.

#### FOOD SUPPLEMENT FOR DOGS AND CATS

**COMPOSITION:** 100 % Spirulina Platensis.

**ANALYTICAL CONSTITUENTS:** Crude fibres 12.25%, Fat 5.62%, Crude protein 67.98%, Ash 8.39%.

**FEEDING INSTRUCTIONS:** Spirulina should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect. Warning: undesirable coloring may ensue when used in show dogs with white coats.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**  
1 g/day | 1/2

**MEDIUM DOGS (11-25 KG)**  
2.5 g/day | 1

**LARGE DOGS (26-45 KG)**  
3.5 g/day | 1,5

**VERY LARGE DOGS (OVER 45 KG)**  
5 g/day | 2

**CATS**  
0.5 - 1 g/day | 1/4

Level measuring cup approx. 2.5 g

# Collagen & Rosehip

180g

Hydrolyzed collagen is a highly digestible and usable protein commonly found in connective tissues and bones. Rosehip is rich in vitamin C, which supports collagen synthesis. The combination of these natural substances delivers the right effect to afflicted areas, keeps joints flexible, and reduces pain caused by joint diseases.

Canvit Collagen & Rosehip is suitable for adult and older dogs and can be used as prevention or at times of increased risk of arthrosis, osteoporosis, or other mobility problems.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Collagen hydrolysate 95%, Dried rosehips.

**ANALYTICAL CONSTITUENTS:** Crude fibres 6.54%, Fat 0.74%, Crude protein 61.11%, Ash 3.77%.

**FEEDING INSTRUCTIONS:** The product should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect. The dose can be doubled in the event of difficulties.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**  
1 g/day | 1/2

**MEDIUM DOGS (11-25 KG)**  
2.5 g/day | 1

**LARGE DOGS (26-45 KG)**  
5 g/day | 2

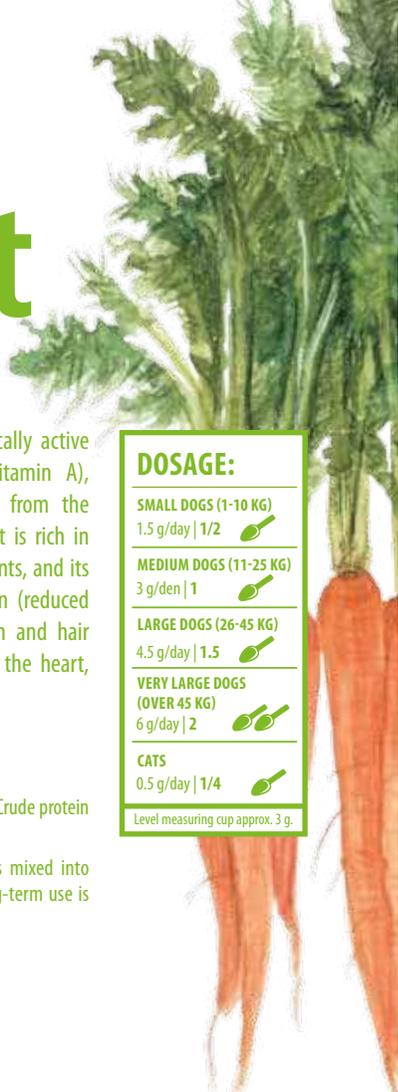

**VERY LARGE DOGS (OVER 45 KG)**  
7.5 g/day | 3

**CATS**  
1 g/day | 1/2

A level measuring cup of approx. 2.5 g contains 1,500 mg collagen hydrolysate and 1,000 mg dried rosehips.

# Carrot

Carrot contains a large number of biologically active compounds, such as betacarotene (provitamin A), a natural antioxidant that protects cells from the negative effects of the environment. Carrot is rich in vitamins D, E, and K, as well as trace elements, and its composition has a positive effect on vision (reduced night blindness, increased sharpness), skin and hair quality, stress levels, the immune system, the heart, and fertility.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** carrot 100%.

**ANALYTICAL CONSTITUENTS:** Crude ash 5.78 %, Crude protein 8.94 %, Fat 1.78 %, Crude fibre 9.72 %.

**FEEDING INSTRUCTIONS:** The carrot powder is mixed into food according to the recommended dosage. Long-term use is recommended for optimum effect.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**

1.5 g/day | 1/2 

**MEDIUM DOGS (11-25 KG)**

3 g/den | 1 

**LARGE DOGS (26-45 KG)**

4.5 g/day | 1.5 

**VERY LARGE DOGS (OVER 45 KG)**

6 g/day | 2 

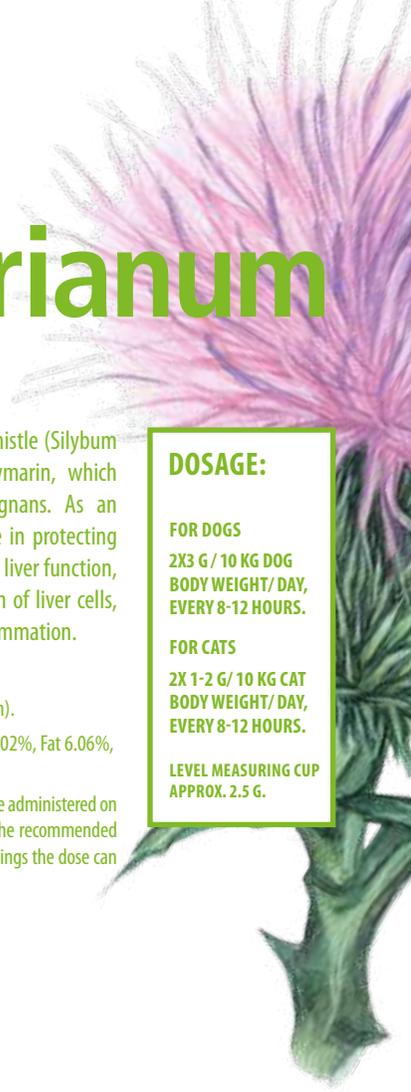

**CATS**

0.5 g/day | 1/4 

Level measuring cup approx. 3 g.

# Silybum Marianum

The extract from the seeds of the milk thistle (Silybum marianum) is a natural source of silymarin, which comprises a combination of flavonolignans. As an antioxidant, silymarin is highly effective in protecting liver cells (hepatoprotection). It improves liver function, supports the formation and regeneration of liver cells, protects new liver cells, and reduces inflammation.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Milk thistle (Silybum marianum).

**ANALYTICAL CONSTITUENTS:** Crude fibres 34.02%, Fat 6.06%, Crude protein 17.84%, Ash 4.94%.

**FEEDING INSTRUCTIONS:** the product should be administered on a long-term basis mixed into food according to the recommended dosage. In the event of inflammations and poisonings the dose can be increased up to four-fold.

#### DOSAGE:

**FOR DOGS**

2X3 G / 10 KG DOG  
BODY WEIGHT/DAY,  
EVERY 8-12 HOURS.

**FOR CATS**

2X 1-2 G / 10 KG CAT  
BODY WEIGHT/DAY,  
EVERY 8-12 HOURS.

LEVEL MEASURING CUP  
APPROX. 2.5 G.

# Yucca Schidigera

Yucca schidigera is a desert plant rich in saponins that act as effective detoxifying agents. Yucca extract can be used during digestive tract problems, as it improves food intake, liver and kidney function, and provides overall detoxification of the body. Yucca also stimulates gallbladder and pancreas function, prevents the spread of infection, and speeds wound healing. Yucca has a positive effect on digestion and, when used regularly, it reduces stool odor.

#### FOOD SUPPLEMENT FOR DOGS AND CATS.

**COMPOSITION:** Yucca Schidigera extract 100%.

**ANALYTICAL CONSTITUENTS:** Crude Ash 8.60%, Crude protein 1.89%, Fat 1.49%, Crude fibres 33.18%.

**FEEDING INSTRUCTIONS:** Yucca extract should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect.

**DOSAGE:** Yucca is absorbed gradually in the body. For optimum effect we recommend splitting the dose into 2-3 smaller doses and administering over the course of the day.

#### DOSAGE:

**SMALL DOGS (1-10 KG)**

0.5 g/day | 1/4 

**MEDIUM DOGS (11-25 KG)**

1 g/day | 1/3 

**LARGE DOGS (26-45 KG)**

1.5 g/day | 1/2 

**VERY LARGE DOGS (OVER 45 KG)**

2.5 g/day | 1 

**CATS**

0.5 g/day | 1/4 

Level measuring cup approx. 2.5 g

# Evening Primrose oil

Pressed and refined – min. 9% GLA

Evening primrose oil is an excellent source of essential fatty acids, primarily gamma-linolenic acid. It regenerates the skin and has anti-inflammatory properties. It is beneficial in treating skin and hair disorders such as itching, irritation, dermatitis, brittleness, excessive hair loss, oily hair, etc.

### FOOD SUPPLEMENT FOR DOGS.

**COMPOSITION:** evening primrose oil 100 %. Gamma-linolenic acid 9%, Linoleic acid 71%, Oleic acid 9%, Palmitic acid 7%, Stearic acid 3%, Other acids up to 1%.

**FEEDING INSTRUCTIONS:** The oil should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect.

DOSAGE:	
Dog weight	Daily dose
10 kg	5 ml
20 - 40 kg	10 ml
40 - 60 kg	15 ml

# Linseed oil

Cold-pressed from linseeds

Linseed oil is rich in omega-3 and omega-6 fatty acids. The most important fatty acid found in linseed oil is alpha-linolenic acid (ALA), which supports the correct function of cell walls, nerves, the immune system, the heart, and blood vessels.

Linseed oil has a positive effect on the brain and heart, stimulates the immune system, reduces uneasiness and stress, and improves concentration. It also has a positive effect on the quality of skin and hair and helps to prevent matted, tangled hair and shedding. The hair is shiny, the skin supple and free of irritation.

### FOOD SUPPLEMENT FOR DOGS.

**COMPOSITION:** Linolenic acid 51%, Linoleic acid 18%, Oleic acid 21%, Stearic acid 4%, Palmitic acid 5%, Other fatty acids up to 1%.

**FEEDING INSTRUCTIONS:** The oil should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect.

DOSAGE:	
Dog weight	Daily dose
10 kg	5 ml
20 - 40 kg	10 ml
40 - 60 kg	15 ml

# Fish oil

Canvit Fish Oil – oil from marine eels contains high levels of the essential unsaturated omega-3 fatty acids DHA, EPA, and ALA, which have a positive effect on skin and hair quality and support proper function of the cardiovascular system, brain and nervous system, joints, and retinas.

Canvit Fish Oil supports natural growth processes and metabolism. It helps reduce reproductive problems, supports healthy fetal development, and is also a suitable source of energy for dogs with increased performance levels.

#### FOOD SUPPLEMENT FOR DOGS.

**COMPOSITION:** 100 % eel oil (26% omega-3 fatty acids).

**ANALYTICAL CONSTITUENTS:** Fat content 100%, Linoleic acid 1.3%, Eicosapentaenoic acid (EPA) 7.6%, Docosahexaenoic acid (DHA) 6.8%, Alpha-linolenic acid (ALA) 1.4%, Carotenoids 30 mg/kg.

**FEEDING INSTRUCTIONS:** The oil should be administered mixed in food in accordance with the recommended dosage. Long-term use is recommended for optimum effect.

#### DOSAGE:

Dog weight	Daily dose
10 kg	5 ml
20 - 40 kg	10 ml
40 - 60 kg	15 ml

# Canvit<sup>+</sup>

Canvit s.r.o., Chrášťany 94,  
252 19 Rudná u Prahy  
Czech Republic
