CARNILOVE CAT

HIGH-QUALITY HOLISTIC CAT FOOD

**GRAIN-FREE AND POTATO-FREE
WILD ORIGIN MEATS, FOREST FRUITS,
VEGGIES & HERBS**

The cat has always been and always will be an independent creature that truly knows how to value human care. With respect for the distinctive and demanding character of the cat, we seek only the best in nature to ensure its wellbeing.

Carnilove has been formulated with respect for cats' natural dietary needs. Grain-free formulas rich in wild-origin meats, such as salmon, turkey, duck, pheasant, lamb, reindeer, and wild boar and new Fresh Meat formulas such as carp, trout, rabbit, and chicken with forest fruits and herbs, and containing forest fruits and herbs provide essential proteins, fats, vitamins, and natural antioxidants for perfect physical condition and immune system support.

kg 400 g, 2 Kg, 6 Kg

Salmon & Turkey for Kittens

With kittens, it is of critical importance to choose food rich in quality proteins, fats, vitamins, and essential nutrients for healthy growth and optimal bodily development. Carnilove Salmon & Turkey for Kittens has been formulated with respect for the natural composition of the feline diet. The recipe is based on salmon and turkey, sources of essential amino acids, which in combination with forest fruits, vegetables, and herbs provide essential nutrients, vitamins, minerals, and antioxidants every day for proper development of the skeleton, muscles, and natural immunity.

Salmon for adult cats with sensitive digestion, long-haired cats

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Salmon for Adult Cats has been formulated with respect for the natural composition of the feline diet. The meat and fat of salmon are ideal sources of omega-3 unsaturated fatty acids, which have anti-inflammatory properties and also have a positive impact on the quality of hair and skin. Moreover, salmon protein is nonallergenic, so it's an ideal source of food for cats with sensitive digestion. With forest fruits, vegetables, and herbs, the formula provides the nutrients, vitamins, minerals, and antioxidants essential to maintaining top physical condition and building natural immunity every day.

kg 400 g, 2 Kg, 6 Kg

Duck & Pheasant for adult cats

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Duck & Pheasant for Adult Cats has been formulated with respect for the natural composition of the feline diet. Duck and pheasant make an ideal combination of tasty and easily digestible food rich in natural nutrients that improve metabolism and maintain excellent condition. The increased content of natural fibre improves digestion and facilitates the passage of hairballs through the digestive tract. With forest fruits, vegetables, and herbs, the formula provides the nutrients, vitamins, minerals, and antioxidants essential to maintaining top physical condition and building natural immunity every day.

Lamb & Wild Boar for sterilised cats

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Lamb & Wild Boar for Adult Cats has been formulated with respect for the natural composition of the feline diet. Lamb and game are highly digestible dietetic proteins that are ideal for maintaining perfect physical condition in sterilised cats. The controlled mineral content supports proper function of the kidneys and urinary tract, while the natural antioxidants obtained from fruits and herbs have cleansing and anti-inflammatory properties.

ITEM NAME	PCS IN CARTON	PCS IN PALLET	EAN CODE

Reindeer for adult outdoor cats

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Reindeer for Adult Cats has been formulated with respect for the natural composition of the feline diet. Because it contains high levels of natural antioxidants, unsaturated fats, and omega-3 fatty acids, reindeer meat is ideal for restoring energy after every catty adventure.

With forest fruits, vegetables, and herbs, the formula provides the nutrients, vitamins, minerals, and antioxidants essential to maintaining top physical condition and building natural immunity every day.

kg 400 g, 2 Kg, 6 Kg

Duck & Turkey for large breed cats

In order to keep fit, adult cats need food rich in quality proteins with adequate and balanced levels of essential amino acids. Carnilove Duck & Turkey for Large Breed Cats has been formulated with respect for the natural composition of the feline diet.

Turkey and duck contain high ratios of digestible proteins and unsaturated fats to nourish the muscles and restore energy levels. The greater burden to the musculoskeletal system is offset by chondroprotectives and natural substances that promote flexibility in the joints and strength in the tendons and ligaments.

FRESH MEAT

HIGH-QUALITY HOLISTIC CAT FOOD

**GRAIN-FREE AND POTATO-FREE
WILD-ORIGIN MEATS 80%,
FOREST FRUITS, VEGGIES & HERBS 20%**

Give your cat some real prey from the wild.

Carnilove Fresh Meat are new unique formulas which provide your cat with balanced nutrition rich in fresh meat together with a variety of vegetables, berries, and herbs for a wilder and even more natural way of eating. Returning to a natural diet helps maintain optimal physical condition, protects the cardiovascular system, nourishes dry skin, and ensures a healthy, shiny coat.

Fresh Chicken & Rabbit

Unique and independent creatures, cats are meat eaters, full-blooded predators whose way of life is determined by a strong hunting instinct. Carnilove Fresh Chicken & Rabbit has been formulated with respect for the laws of nature and provides your feline companion with balanced nutrition rich in fresh meat combined with a variety of vegetables, berries, and herbs.

Returning to a natural diet supports healthy digestion and helps maintain optimal physical condition. Bursting with flavour, the top-quality natural ingredients are irresistible to even the choosiest of feline gourmands.

CARNILOVE

Wild-origin meat in pouches for cats

GRAIN FREE • POTATO FREE

85% PIECES WILD-ORIGIN MEAT IN FILLETS

Fillets in gravy with forest and meadow herbs

No! GRAINS, POTATOES, GMO, SOY, PRESERVATIVES, OR COLOURANTS

High content of rabbit meat with marigold

Highly digestible and nutritious rabbit meat to support digestive tract health. The very low content of fat helps maintain overall condition. Marigold has anti-inflammatory properties and has a beneficial effect on the skin, coat, joints, and heart. It promotes healthy joints and suppresses allergic reactions.

ITEM NAME	PCS IN MASTER CARTON	PCS IN PALLET	EAN CODE

kg 85 g

High content of duck meat with catnip

Hypoallergenic and highly digestible duck meat is gentle on the digestive system and supports optimal physical condition. The high content of polyunsaturated fatty acids protects the heart and circulatory system. Catnip has antibacterial properties, promotes digestive tract health, reduces the occurrence of diarrheal illness, and also has a sedative effect, calms the nervous system, and eases stress. It also protects against ectoparasites and is a strong flavour-enhancing attractant for cats.

kg 85 g

High content of wild-boar meat with chamomile

Highly digestible wild boar supports muscle development. Because the meat is very low in fat and cholesterol, it promotes optimal condition, including a healthy heart and circulatory system. Chamomile is rich in antioxidants that support healthy skin and coat, have antibacterial and antiviral properties, and help maintain digestive tract health. Thanks to its anti-inflammatory properties it also supports healthy gums.

ITEM NAME	PCS IN MASTER CARTON	PCS IN PALLET	EAN CODE

kg 85 g

High content of pheasant meat with raspberry leaf

Hypoallergenic and highly digestible pheasant meat. The high content of polyunsaturated fatty acids protects the heart and circulatory system. High levels of selenium shield cells from oxidative stress, which helps improve the quality of the skin, joints, and brain. Raspberry leaf is rich in antioxidants with anti-inflammatory properties. It promotes a healthy urinary system, gums, liver, and joints and also reduces joint pain.

ITEM NAME	PCS IN MASTER CARTON	PCS IN PALLET	EAN CODE

High content of quail meat with dandelion

Hypoallergenic and highly digestible quail meat. The high content of polyunsaturated fatty acids protects the heart and circulatory system. High levels of selenium shield cells from oxidative stress, which helps improve the quality of the skin, joints, and brain. Because dandelion is rich in antioxidants, it has anti-inflammatory properties and supports healthy skin, heart, urinary system, and gums. It reduces cholesterol levels in the blood, which helps protect the heart and circulatory system, and it also reduces blood glucose levels.
